

Labor Rights Commitment

We are committed to treating all workers fairly and with respect. We support safe working conditions, fair pay, and equal opportunity for everyone.

We do not tolerate forced labor, child labor, or discrimination in any part of our business or supply chain. We respect employees' rights to speak up, join organizations of their choice, and report concerns without fear of retaliation.

We work to meet labor laws and recognized international standards, and we regularly review our practices to ensure we are doing the right thing.
